CHURCH SPEAKS OUT ON SEX, SIN, MIRACLES AND MARRIAGE

Task Outlived Five Men
 Five of the original members of the Commission have died during its fifteen-year task — Bishop Burge, Dr. Burroughes (Bishop of Ripon), Prebendary E. J. Bicknell, the Rev. C. W. Emmet and Canon B. H. Streeter. The Rev. H. B. Gooding resigned.

PRUNELLA TO WED DUKE'S SON

WHAT the Church of England really believes about heaven and hell, angels and demons, the Virgin Birth, marriage, original sin and immortality, was set out in a 242-page report issued last night by the Commission of Christian Doctrine appointed by the Archbishops of Canterbury and York in 1922.

For fifteen years some of the best brains in the Church have been engaged in the task of finding out what the Church is really in agreement about. Here are some of their conclusions:—

Marriage

It is suggested that a Commission on marriage should be appointed soon to clear up various points.

But "in the case of two Christian persons freely undertaking before God to enter on a lifelong marriage union, grace is afforded which, if reliance is fully placed upon it, will enable the persons concerned to fulfil the obligations involved in spite of all difficulties however grave."

"The belief that the process of human generation is in itself sinful, or that sin is conveyed to the offspring because of any sinfulness in this process, is not a necessary part of the doctrine of original sin and we are agreed in repudiating it."

"We believe that it is wholly unwarranted, being part of a profoundly unsatisfactory view of sex and of sexual relations. That the sexual nature is necessarily or inherently sinful must be absolutely denied."

"But we are agreed in asserting that man as known to history, both now and throughout the ages, has been under the influence of a bias towards evil."

Many of the Commission hold that belief in "the word made flesh" is integrally bound up with belief in the Virgin Birth.

But "some among us hold that a full belief in the historical incarnation is more consistent with the supposition that our Lord's birth took place under the normal conditions of human generation."

Angels and Demons

"To believe positively in the existence of spiritual beings other than human, is in no way irrational."

But the Commission records its conviction that it is legitimate for a Christian either to suspend judgment on the point, or alternatively to interpret the language of Scripture regarding angels and demons "in a purely symbolical sense."

DOG GUARDS HIS INJURED MISTRESS

AFTER Mrs. Celia MacDonald, aged sixty, of Sunderland-avenue, Paddington, W., had pushed eight-year-old Edith Gregory, of Harrow-road, Paddington, out of the way of a car in Harrow-road, W., she and her dog were knocked down and injured. The dog refused to leave his mistress.

Officials from the Dumb Friends' Clinic nearby had to remove the dog and destroy it. Mrs. MacDonald was detained in Paddington Hospital seriously injured and the child was treated for shock.

Two years ago the same dog fell 40ft. from a window into the street, but was unhurt.

WED WOMAN WHO THRASHED HIM—TO SAVE HER LIFE

SCIENTIST Dr. George Gaylord Simpson, who said that he hid among the fossils in the British Museum rather than face his wife, who forced him to wash the baby's clothes, brought further accusations against her yesterday. One was that he became engaged to her to save her life.

"I attempted to break off with her," he told the Court at Bridgeport, Connecticut, where he is suing for divorce, "but she sent me letters threatening to commit suicide. She pursued me and asked me to marry her."

"After our marriage she often attacked me and beat me up with her fists and so when I was at the British Museum in London, I stayed there at night rather than go home..." He complained that she had sent risqué cartoons to his daughter.

Another allegation made by Dr. Simpson was that his wife once tried to "frame" him in a compromising position with another woman, who was scantily clad, in a New York hotel suite says the British United Press

HUNT FOR LOST PATIENT

Police were last night searching the woods on the Obatham side of Maidstone for a patient who escaped from Leybourne Grange, a Kent County Council home for mental defectives near Maidstone.

Twenty-two-year-old Miss Prunella Stack, popular keep-fit movement leader, whose engagement to Lord David Douglas-Hamilton (right) is expected to be announced shortly.

Youngest son of the Duke of Hamilton, Lord David is twenty-five, and, like his eldest brother, the Marquis of Clydesdale, M.P., is a famous amateur boxer. Miss Prunella Stack is a member of the National Advisory Committee on Physical Training.

THEY HAILED ROYAL BIRTH WITH FIGHT

FROM OUR SPECIAL CORRESPONDENT

AMSTERDAM, Thursday. ONE village in Holland has already celebrated the "birth" of Princess Juliana's baby—and has fought about whether it was a boy or a girl. When the people of Steenderen got up this morning they found bulletins announcing the birth of the child posted on walls and in shop-windows all over the village.

All work was stopped, the school declared a holiday, bonfires were lit, decorations hung out, the church bell rung and the village went "mafficking."

In an hour there was chaos, and free fights had broken out in every street. Half the population declared the child was a boy, the other half said it was a girl.

It was then discovered that half the bulletins announced a Princess and the other half a Prince, and the truth came out.

The local correspondent of a small weekly paper in the district received from head office a stack of advance bulletins, half announcing a Princess and half announcing a Prince. He had mistaken them for the official announcement.

Two hundred and fifty Woolworth shopgirls went on strike yesterday for this man. See page 3.

NAVY TO BE HER GREATEST EVER

Its Plane Strength To Be Raised To 3,000

EXTRA £160,000,000 BILL

WASHINGTON, Friday. A message to Congress to-day, President Roosevelt called upon the United States to enter the world re-armament race "to protect our nation," and declared that in the light of increasing armaments of other nations "our national defence is inadequate for purposes of national security and needs to be increased."

Among other things he asked Congress to increase by 20 per cent. the existing authorised building programme for increases and replacements in the Navy and requested authorisation and financial appropriation for the building of two new battleships, two cruisers, and a number of new types of small naval vessels.

THREE MORE BATTLESHIPS

The Navy Department stated that the proposed 9 per cent. increase in naval armaments would cost approximately \$160,000,000.

A U.S. WARSHIP

The President's message did not define the period over which the programme would be spread.

IF JAPAN BUILDS 40,000-TON SHIPS

London, Friday. The American decision to increase naval expenditure by 20 per cent. carries with it the implied intention to build 40,000-ton to 45,000-ton capital ships if Japan does so.

DISARMAMENT DOOR LEFT OPEN

The President's request for additional battleships and other fighting craft indicated the intention to establish a mutually capable of defending the area against attacks from a possible European enemy.

Dictator (Italian Model) for Greece

200 Girls Go On Strike, Fight With Fish and Tin-Cans

ALL BECAUSE THEIR MANAGER WAS LEAVING

AFTER they had heard that their manager was leaving, 200 girl employees of the British Fish Cannery, Ltd., at a Mythe (Colchester) preserving factory staged a lightning strike yesterday, and engaged in a fish and tin-can battle with other girls who remained at work.

THIRD IN A MONTH

This is the third case this month in which the popularity of a manager has led to a strike.

On 6 January, 200 men and women employed at the Deal (Kent) factory of British Fish Cannery, Ltd., went on strike in support of their manager, who they thought had been replaced because of his lack of inches.

He was 5ft. 2in. Mr. Douglas Boxall, who always prefaced his instructions with "Please." He told the workers that he was not big enough for his job, but afterwards stated that he had misinterpreted the managing director's words.

The other strike was among 250 girls employed at Woolworths Stores, Brixton-road, London, who staged a stay-in strike as a protest against the transfer of Mr. Frank P'col, their manager, to the Baling branch.

And here again the loyal shop girls resumed work after pleas from Mr. P'col, who is a married man with three children.

AIR-RAID PRECAUTIONS

"GO AHEAD" SAYS WHITEHALL

But Indefinite About Distribution of Gas-Masks

From Our Political Correspondent LONDON, Friday. LOCAL authorities are being instructed to take an active share in the expansion of the air-raid precaution arrangements.

A circular has been sent out from the Home Office to-day giving details of some of the things that they will be expected to make provision for at an early date.

Consultations are also taking place on the subject of the householders' handbook, and the appointment of more area officers is being hastened.

SINCE MR. LLOYD'S TOUR—The Home Office takes a more satisfactory view of the progress of air-raid precautions in this country since Mr. Geoffrey Lloyd's return from Germany and France. No official report has yet been made, but the general impression is that the content of the new arrangements reflects favourably on our own.

The British, except that service in the various corps is compulsory, whereas that with it is being left to voluntary.

The French scheme lays great emphasis on the provision of such ground shelters, but these appear to be merely the reservation of existing shelters by private owners for the purpose, and they offer little extra cover for the general public.

CURTAIN DOWN ON HEIRESS ACTION DRAMA

COST OF CASE PUT AT £20,000

Smiles After Settlement

From Our Own Correspondent LONDON, Friday. SMILES and speculations ended the Cunningham-Reid case at the Law Courts to-day.

Captain A. S. Cunningham-Reid, M.P., the plaintiff, came into court smiling after a private consultation with counsel. He kissed his mother, who sat next to him.

His wife, who had also been having a consultation any with counsel, was not there.

Then, an hour after the time at which the Court was due to sit, Mr. Justice Crossman entered.

JUDGE ASSENTS

He bowed to members of the Bar. Sir Patrick Hastings, K.C., leading counsel for the wife, rose, adjusted his wig, and in a few sentences announced that the case—which has occupied so much public attention in a few days—had been settled.

Sir Stafford Cripps, K.C., M.P., leading counsel for the husband, followed, and Mr. Justice Crossman, smiling his assent, congratulated the parties on having agreed.

That was all. Then outside, in the corridor, there was a rush by friends to congratulate Capt. Cunningham-Reid.

As afterwards parties stood about speculating on the terms of the settlement, Capt. Cunningham-Reid declined to discuss the result. His wife left later for an undisclosed destination.

K.O.'S ANNOUNCEMENTS

Sir Patrick Hastings's announcement of the settlement to the judge was in the following words: "I am in a position to inform your lordship that it will not be necessary for this case to proceed any further. I need only say this—the parties agree to an agreement which will make an order that all proceedings both in the action and in the counter-claim should be stayed."

"May I just add this observation? As your lordship knows, I have not had an opportunity of making any statement to you in these circumstances. I think it is right that I should state my entire agreement with what Mr. Evered, K.C., (one of the counsel for Captain Cunningham-Reid) publicly stated yesterday to your lordship—that in the pleadings there were no allegations of undue influence, fraud, or dishonesty."

"That is all I desire to say about the case except this—certain statements were made in the course of the proceedings relating to a personal arrangement between Lord Louis Mountbatten and his wife. They are not parties to the proceedings, and in fact, they are abroad."

THE NEW REGISTRATION OFFICERS and their staffs with the following list of things: Organisation of an emergency fire brigade service to provide such provision as is necessary for auxiliary fire-fighters, fire-patrols, and fire-teams.

Selection of auxiliary fire-stations. Arrangements for making use of natural and static supplies of water for fire-fighting.

Recruitment and training of auxiliary firemen and such other personnel as may be required.

Outside admirers shouted in unison, "We want Sonja." Sonja twice appeared on the balcony in response to the cheers, says British United Press.

BOSS IS LEAVING SO 250 GIRLS WENT ON STRIKE

AFTER they had heard that their manager, Mr. Frank Picot, was leaving, 250 girls employed at Woolworth's stores, Brixton-road, London, S.E., yesterday staged a stay-in-strike while hundreds of customers clamoured to be served. Girls closed the entrance doors while others quietly informed customers that they could not be served. Flurried manageresses and floor-walkers pleaded with the strikers to start work, but the girls said they demanded that Mr. Picot remain. The strike lasted an hour.

Pleaded with Them

Then Mr. Picot pleaded with the girls to return to work and reluctantly they obeyed him. Mr. Picot, short, dapper and jovial-faced told the *Daily Mirror* afterwards:— "The girls are a wonderful staff to work for so much by them, but it is a pity that it has happened. Naturally, I am sorry to leave them, but they should not have taken matters into their own hands." A head office official told the *Daily Mirror* last night:— "Every year we have a number of changes of this nature at our branches. Mr. Picot has been transferred to our Ealing branch.

The magistrates' leniency was criticised last night by an executive of the N.S.P.C.C., who prosecuted the man, Percy Carter, of Chasewater, Cornwall. The sentence seems both lenient and inadequate, and "This is only one of many," he declared.

"This leniency is arousing the attention of the committee. We feel that in many cases binding over is not a sufficient deterrent."

During the hearing it was alleged that Carter kicked the child while her mother was at church, where another baby was being christened.

He later threatened to "kick another girl's head off."

9 Days in Hospital

Dr. O'Reilly told the Court that the little girl was taken to Redruth Hospital with an injury to her leg which might have been caused by a kick. She remained in Redruth Hospital for nine days.

The injured child's six-year-old sister, Bernice, told the Court that her father had not only kicked the child, but had kicked her too.

Carter denied the kicking. He said that to kick a child would be the act of a lunatic, and he could not do it. He worshipped his child too much to do such a thing.

Addressing Carter, the chairman of the bench said: "We have no hesitation in finding you guilty of what was a very cruel thing, but we are taking a lenient view of it because there is no evidence that you have habitually ill-treated your children."

"We realise that every man is liable to lose his temper occasionally, and we are binding you over to be of good behaviour for two years."

Chairman's Reasons

Mr. A. C. Polwhele, the chairman, told the *Daily Mirror* last night:—

"It was a unanimous decision of the Bench. There was no suggestion that Carter had been unkind to his children or wife before. It was just done in a fit of temper."

"He was not remanded for a medical report. I don't think he should have received a heavier sentence. The decision came from a bench of eight magistrates."

"His wife and children looked well cared for. We told him it was a cruel thing to do. Of course, there was only the evidence of a little girl to support the charge."

"I would not be prepared to alter my decision in any way." Mrs. Malcolm McLaren of Peock, only woman magistrate on the Bench, said:—

"I think it was a just decision. Had we sent this man—who was said to be a rood husband and father—to prison, it would have punished his wife and children more still. It would have wrecked his career, too."

"My opinion was that he acted in a fit of temper. As a mother of five children, I know that little children are inclined to exaggerate, and this may have happened in the case

New Life at Forty-five

OVERCOMING THE TRIALS OF MIDDLE AGE

"I feel better than I have done for years," says many a woman of middle age, who has found in Dr. Williams' pink pills just that health-help that a woman needs at this critical time.

Often even the strongest woman has reason to be distressed at the disturbances of health that make themselves apparent at middle age. She finds herself worrying over things that never troubled her before; she grows low-spirited and depressed, violent headaches and back pains assail her, while palpitation, feverish flushes and head noises cause her much misery.

Over and over again it has been proved that the finest health-help any woman can have at this very trying time is a course of Dr. Williams' pink pills. By their remarkable power of enriching and increasing the blood, these pills impart new strength and vitality to the whole system.

After trying Dr. Williams' brand pink pills, you will understand why they are so highly praised by the thousands of women who have found in them a new lease of life. All chemists sell them, 1s. 3d. a box (triple size 8s.)—but ask for Dr. Williams—(Advt.)

"WORST WOMAN IN ENGLAND" JOINS HER FRIEND IN GAOL

BY A SPECIAL CORRESPONDENT

COFFEE-COLOURED beauty, Queenie Day, considered by C.I.D. men as the "worst woman in England," went to ten months' gaol yesterday and so joined her friend, Elsie Carey, gang queen and motor bandit.

She was sentenced at the Old Bailey for a knife attack on a white girl in Soho, and sent to Holloway.

To the men she meets, thirty-one-year-old Queenie Day is wickedly fascinating. Her high cheekbones, soft colour and her svelte figure give them a different impression from that held by Yard crime chiefs. "She is a violent criminal with no respect

for the laws of this country or for those whose job it is to enforce them," said a police witness.

There were sixteen previous convictions—for housebreaking, shopbreaking, street-walking and assaults on the police.

"She is the terror of Soho," said a police sergeant.

Three months ago I stood beside Queenie in her flat at Carleton-road, Tufnell Park, London, as she waved and called greetings to her former flatmate, Eton-cropped Elsie Florence Carey.

Elsie was 200 yards away—in Holloway. For months the two girls, strangely contrasted companions, shared the flat.

Elsie was beginning a term of four years' penal servitude passed at Oxford Assizes. Since then she has had three years' penal

servitude added for a different case of shop-breaking.

"Poor kid," said Queenie then. "That's one place I'll never go back to." And she pointed to the gaol.

Last night they were together.

IF YOU FEEL Run-down

... a glass of Phosferine Tonic Wine two or three times a day will help you to keep your Summer-time health and resist Autumnal chills. Get a bottle today!

"It is with great pleasure I write to tell you of the benefit I have derived since taking PHOSFERINE TONIC WINE.

I was very run-down after a bad attack of tonsillitis, but after taking two bottles I felt a different woman. I still continue to take a wineglassful at 11 o'clock and one on retiring. I think it is a lovely wine and a splendid tonic and should always recommend it to my friends."

TABLE TALK

Pale semi-precious stones in silver filigree settings are being worn by many fashionable women just now, and round and oval moonstones at rings, earrings and bracelets seem especially popular.

Other stones, also flattered by modern silver settings, are clear green zircons, delicate mauve calcite, and yellow sapphires.

Perhaps turquoise comes next in popularity, but this stone needs a very simple setting. Small oval turquoise, in plain, not filigree, settings, make the most attractive new pendants and bracelets.

OUT-SIZE IN CUSHIONS.

New cushions can brighten the furnishings of a room. If they are large, quilted and show light, clear colour, Victorian, chintzes, a-flutter with roses and ribbon bows, are popular patterns for these new cushions.

An off-white chintz bespattered with stars in two colours, is also an excellent ground for quilting, as is that glazed material which shows big Armillaries on a dark blue ground.

Another new chintz which is ideal for large-sized cushions is shaded to give the impression of being stuffed and sewn with buttons. This design does not, however, lend itself to quilting.

CLOCKS CHILDREN LIKE.

In the children's room, a clock is desirable, however sparsely furnished it may be.

Furniture, walls and curtains may all be in attractive tints, but the smallest and the most charming item of all is a painted clock.

There are clocks which fit flush against the wall, and little clocks which stand on four small feet. One new wooden clock for the mantelpiece is just a little taller than it is broad, and this is painted and decorated with a procession of children around the frame.

The numbers are quite clear, and right in the centre of the dial are two children peering at the point where the hands are fixed.

LEMON AID.

Lemon is a great friend if only because it gives one a smooth and healthy complexion.

It also gives one a good complexion if taken in hot or cold water, and, in cooking, it may be used, again, for whitening a cake.

The proportions for cooking are a teaspoon to a pint of water. Try this when boiling potatoes, peas, or lemons into the water a quarter of an hour before they are dished up.

For cauliflower, the chops squeezed over the vegetable while it is cooking is a most effective way of keeping the vegetable a good colour.

CROCKERY FOR NEW HOME.

There are advantages in having all your crockery of the same design, but you may prefer the same pattern on plates and dishes at every meal.

The bride who is furnishing should bear this possibility in mind, and decide whether she prefers the practical advantages of a standard pattern, or the pleasure of variety.

Suppose a set of cups or the soup is used, then cream pottery banded with blue, or a set of cups with a lily, is very interesting, and those covered cups with handles at either side, which stand on deep saucers, do, incidentally, keep the soup as hot as possible.

AND FISH ON FISH.

Then for fish, there are many white plates of various shades, and various colours in the centre of each. You can even get plates moulded in the shape of fish.

Dinner plates have various fowl and other animals depicted in the centre of each.

For the sweet course, one can hardly do better than the painted plates, in glass, delicate colour, and perhaps etched with a design all round the edge. You may buy a multi-part set, so that every member of the family has a different colour.

These are all made on the same lines, but each is trimmed in a different way.

All have high neck-lines, folds of the material mounting almost to the chin, their sleeves are straight and short, and around the waist the velvet is tucked so that it can be worn over a corset.

As to distinctive finishing touches, there are all possibilities, such as high, much lower the other, finished with broad bindings. On other blouses, applied bands of velvet form high, wide bands across the bodices.

And all these blouses are one colour—except, moss green, mustard yellow, or puce.

YOUR WAIST TINT?

The smaller the waist the more fashionable the frock.

So says a dress designer, who insists that his clients shall mould their figures by means of an hour-glass corset.

But other women prefer to gain the same silhouette less drastically. They look for frocks with well-cadded shoulders. There are lots of them.

Or they choose frocks with fancy busts, with a little attention to the shoulders, and away from the waist. And those skirts which swing full and loose, but have help to make the waist appear several inches smaller than it really is.

ATTRACTION OF ASTRAKHAN.

Astrakhan is perhaps the most attractive of the new furs.

On cloths coats and dapper suits it is one of the few furs which can be used in small pieces, and for a long time.

Men's stripes edge the borders of new ensembles. It is also seen as demure round the neck, and as a polka-dot waist.

Round pockets, and the yoke-line of a pretty half-length grey coat, are edged with astrakhan.

Four inch strips adorn the fronts of a cape, and the neck of a jacket.

It is even more striking as the belt, broad revers, and buttons on an off-white soft astrakhan evening coat.

ELABORATE EVENING SHOES.

Many of the new dance shoes show ornamentation on one side only. This may be an oblique line of embroidery, lace, or intricate, or a polka-dot white satin.

Silver mesh is new and very lovely as a shoe with a strap across the top of the heel, and toes cut so that they show the foot.

Rather more exotic is the white crepe shoe which has a thin half-inch cord connecting the heel to the sole. Here, again the front of the toe is left open.

COSMETICS IN A BAG.

Various small waterproofed moiré pouchettes to hold cosmetics are useful for the motorist, or the woman who has to travel.

They are made in various sizes, with side loops for fastening with press studs. They house a variety of beauty kit, and are very useful when changing a handbag quickly.

neatly-mitred lace corners, or trimmed with lace which has been specially woven to edge square or rectangular places. A line of hemstitching or hand-worked heading completes the trimming for this type of mat.

INSTEAD OF LACE.

Round mats are also made of rather heavier white linen, trimmed with cut-work, or Broderie Anglaise, in a close border forming a fairly wide border. Small napkins have a narrower border of the same kind of embroidery along the edge.

These white linen mats are much seen just now, and are for the moment taking the place of the white organdy ones. The organdy has a greater decorative "whiffiness" than the transparent fabric.

Sometimes, however, white mats, or a white linen tablecloth, may have an applique design of white organdy, surrounded by white embroidery ornamenting the fabric.

WHITE TABLE CLOTHS RETURN

Dignified Backdrop for Modern Crockery

By MURIEL RAPSON

After seeing so many lovely colour schemes for summer dining and luncheon tables, it is quite a pleasant thing to find a table decked out in white linen again.

Some of the coloured tablecloth, either enameled or lacquered, as well as the very dark woods, look lovely with white mats and china. So, too, do the tablecloths made of wood which has the greyish tinge much beloved of modern interior decorators.

There are some very lovely table mats made of fine white linen trimmed with rather wide white lace. Square mats of this type look well with

CAPE OR COAT?

Silver fox is one of the most sumptuous furs, and when it is used for the coat, as you see here, it is very hot, as well as it looks.

BOUDOIR AND BOULEVARD

If a riot of bright crisp-crisp lines strikes you as anything, then consider some really daring style this autumn. It is the fashion.

You will be more Scottish than any Scot if you wear a long evening coat of plaid tartan whose design runs diagonally.

Or choose an afternoon frock in green and red plaid with skirt inset with green and the bodice cut in a plastron front. Plaids do not lend themselves to the hard or soft sauced skirts. Severity of line is best in these materials.

A plain, short, boxy jacket, lined with plaid, provides an unexpected flash of colour—but wear a plaid waistcoat at the same time to make a multi-part idea.

VELVET BLOUSES.

A collection of new velvet blouses by a model house will be greatly ad-

DISTRICT NURSES' WORK GROWING

Need for a Home at Greenford

FUNDS WANTED

Mrs. F. F. Woodward deputised for the Mayoress (Mrs. J. Mansel Lewis) in receiving the guests at a social conference arranged by the committee of the Greater Ealing Nursing Association for subscribers, collectors and workers, and held in the Nelson Room, Ealing Town Hall, on Monday evening the 22nd inst.

The Mayor-designate (Ald. Mrs. Taylor), chairman of the executive committee of the association, was kept at home by a cold, and Mrs. Wilfred Deal, who presided at the meeting, explained that the object of this gathering of friends, all interested in one cause, was to find means of extending the work and of mutually encouraging one another.

Mr. W. J. Dobson (secretary) spoke of the local association, which he had at his office, and which, it was hoped, would be seen upon the screens of local cinema during the year. Mrs. Taylor's year of office as mayor of the borough. The talking part was by Christopher Stone. The film only lasted five minutes, but it would be found to contain "concentrated district nursing appeal."

Mr. C. J. Taylor explained the growing financial stress on the Provident Home-Nursing Scheme, and said that some means must be found to lessen the strain.

NURSES HOME AT GREENFORD.

Miss Farnsworth, superintendent of the Nurses' Home at 3, Churchfield-road, West Ealing, explained the most progressive project which the association is now considering. This is a scheme to purchase a suitable site at Greenford on which to build eventually another home for the accommodation of nurses serving that district and Perivale. This project could only become a reality, she said, through the co-operation of every one. Calls from the outlying districts were attended to just as were calls from places nearer at hand, but in responding to calls from North Greenford, West Ealing, etc., the nurses had to travel a long way, perhaps twice a day, before getting to their actual work, and with some necessary alterations to the rules of the association, Miss Farnsworth stated that by the end of the year the association's nurses would have made 3,000 free visits at a cost to the association of £4,000. It was not, therefore, possible to nurse every old age pensioner absolutely without charge, but this was always done in cases where the circumstances justified it.

Other speakers endorsed Miss Farnsworth's appeal for subscriptions and donations for the proposed Greenford home, and many people present gave a half-crown for this object.

Two resolutions were passed, given by Miss Florence Hume, and Mrs. Webb and others arranged radio music and helped with the refreshments.

Mrs. Gale announced that an American fund would be held at 4, Churchfield-road, on Nov. 16, and Mr. C. J. Taylor, Mr. J. R. Workman, and Mrs. Whalley, of Greenford, moved votes of thanks to those concerned in making the social conference a success.

ENTERTAINMENT TO AID HANWELL HOSPITAL

Variety Entertainers at the Grand

The management of the Grand Cinema, Hanwell, has afforded facilities to Mr. Vincent Young, of "The Gossage Varieties," to hold an entertainment in aid of the Hanwell Cottage Hospital at the cinema on Nov. 4, at 9 p.m. He will present John Raymond, a well-known baritone. Miss Young, who is 13, has obtained her second professional pantomime engagement. She will appear in the same role last year she appeared at the King's Theatre, Southsea.

Mr. Young is an ex-professional actor. Before he was he appeared at the London Hippodrome. Later, he joined Dame Woodhouse's Repertory Company. For several years he appeared at the pleasure beach at Great Yarmouth.

An auction sale was to have been held at 10 o'clock in the evening at the cinema, but this had to be withdrawn, and the gifts that were sent to the hospital to be held at a later date. Gifts were sent from Messrs. Whelan and Woollens, Messrs. Spencers, British Home Stores, Green Shops, Shellshaws Stores, Mr. T. Martin, Broadway Social Club, and the "Middlesex County Times."

FOR THE MISSIONS TO SEAMEN

Annual Sale at Town Hall

Speaking at the opening of the annual sale in aid of the Missions to Seamen, in the Victoria Hall on Friday afternoon last week, the Bishop of Kensington said that Mr. Frank Stone, one of the most famous missionaries of the Missions to Seamen, had had a very determined influence on his life, and had been largely responsible for his taking up clerical work.

The sale was formally opened by Mr. Robertson Gibb, the wife of the chairman of the Union Castle Steamship Company, who said that, through her husband's long connection with the sea, she had come to realise the great worth of the work of the Mission. It looked after both the spiritual and social needs of British sailors all over the world.

The Rev. W. H. Shawcross (retired secretary of the mission) presided at the opening, and Miss Nicola Ellis presented a bouquet to Mr. Robertson Gibb.

Among those on the platform were the Rev. A. F. Thomas (rural dean), the Rev. J. B. Kille (vicar of St. Peter's), Father Jarrett, the Rev. E. C. Talbot (priest-in-charge of All Saints), the Rev. Leonard Spiller (vicar of St. Martin's West Acton), and the Rev. E. Denton (St. Martin's).

The stallholders were as follows:—Fancy stall (St. John's Church); Miss Raine and Mrs. Day; Cake stall (St. Stephen's Church); The Bentley, Mrs. Gunnung, Mrs. Dalton and Mrs. Pitt; Provisions stall (St. Matthew's Church); Mrs. Chair, Mrs. Kirkpatrick and Mrs. Rentree; Fruit and flowers—Mrs. W. Peal and Miss Peal; Fancy stall—Mrs. Moore, Calendars—Mrs. Knox; Jam stall—Miss Brydges, Mr. Harris and Mrs. Pitt; Soap stall—Mrs. Jovitt and Mrs. Linnell stall—Mrs. R. Trumper and Mrs. Ferris; Miscellaneous—Miss Orr; Miscellaneous—Mrs. Justice; Fancy sweets and ship containing lucky dip—The Misses Woodhams; Parcels—Gill Guides; Mrs. W. Wickham and helpers; Cake competition—Mrs. Taylor.

The hon. secretary of the sale (Mrs. E. M. Woodhams) was thanked all who helped with the sale, and would welcome any names to thank all the Ealing branch of the Missions to Seamen.

TERRITORIALS AND THE CRISIS

Searchlight Battalion's Busy Days

Now that the 23rd (London Electrical Engineering) Battalion, Royal Electrical Engineers, is settling down again after the busy days of the crisis, it is hoped to report weekly on its activities again.

The battalion was called up late in the afternoon of Monday, September 26, and the response was so good that detachments were actually moving to their war sites early the same evening, and spent Monday night putting the searchlights into position. The enthusiasm and keenness of all ranks was very noticeable, and throughout a very miserable night and during the busy days that followed, every member of the unit worked prodigiously hard to make London as safe as possible from air attack. Though, in the end, the anti-aircraft forces were ready to play the part for which they had trained themselves during their spare time.

During the crisis, the battalion, like others, was inundated by young men who were anxious to join. The patriotism of these recruits was admirable, and the men were, of course, enrolled, although it was pointed out that they would have been more valuable if they had not waited until they were practically at hand before they came forward. At a time like that, it is explained, untrained men are actually a hindrance, particularly in an anti-aircraft unit which must be ready to go into action the moment war begins.

The battalion officers appeal to men to be forward now, and to be trained ready in case another such crisis arrives. Particulars will gladly be given on application to the headquarters, White City, where 23rd Company are on duty on Tuesdays and Company on Wednesdays, between 7.30 and 9.30 p.m.

GOLF PROFESSIONALS AT BOGNOR

SUSSEX UNION SPRING MEETING
The spring meeting of the Sussex Professional Golfers' Union was held at the Bognor Regis Golf Links on Wednesday and Thursday last week. The number of entries was comparatively small, but the course was in perfect condition and the competitors standard of play excellent.

The following qualified for play on Thursday: A. G. HARRISON (Hill Barn), 70-68 138; R. E. MATHEWS (Peacehaven), 71-75 146; W. H. WOODER (Hollingbury), 70-77 147; A. MITCHELL (Bechill), 73-74 147; H. K. KESLER (Seaford Head), 74-76 150; L. GRAY (Willingdon), 76-75 151; J. STRAT (Cooden Beach), 76-75 151; H. ROSEBOROUGH (Littleshampton), 76-75 151.

Other scores: J. BAKER (R. Burchards), 76-76 152; C. PARSONS (East Brighton), 76-76 152; D. PLUMBERG (Cophorne), 77-75 152; C. WILKING (Goringhall), 74-78 152; H. WHITE (Willingdon), 76-76 154; J. CHASE (Seaford), 78-76 154; H. T. ROSEBOROUGH (Littleshampton), 77-78 155; H. AMOS (Newell), 73-83 156; W. DEAN (Goring Hall), 80-77-157; J. ROWE (Royal Ashdown), 78-80 158; L. G. LEWIS (Mannings Heath), 79-79 158; A. G. DIPROSE (Bognor Regis), 78-82 160; S. HILLMAN (Kingswood), 78-83 161.

A. G. HARRISON and R. E. MATHEWS, who were placed first and second in the qualifying competition played the previous day, were fortunate to be drawn as partners on Thursday. They ended the final and beat KENTLER and GRAY by four and three.

The results of the semi-finals were as follows: A. G. HARRISON (Hill Barn) and R. E. MATHEWS (Peacehaven) beat A. MITCHELL (Bechill) and H. ROSEBOROUGH (Littleshampton) by five and three; C. GRAY (Willingdon) and H. KESLER (Seaford Head) beat W. H. WOODER (Hollingbury Park) and J. STRAT (Cooden Beach), one up.

The prizes were presented by Mrs. FINCH, wife of Capt. FINCH, the Secretary of the Club; and Mr. L. G. EVANS proposed a vote of thanks to the staff and officials of the Club for the arrangements that were made. Capt. FINCH suitably replied and hoped that in the future the Union would arrange fixtures more frequently.

COUNCIL EMPLOYEES WAGES

BOGNOR COUNCIL'S DECISION

Local Council employees are to receive a standard rate of wages based on a maximum scale and a reduction of hours during a normal working week.

It was reported by the Establishment and Town Improvements Committee at Tuesday night's monthly meeting of the Council that consideration was given to the report and recommendations of the Sub-Committee (Servants) with regard to the wages and conditions of service of the Council's servants. The Committee recommended: "That (1) application be made to the Joint Industrial Council for this authority to be up-graded to Grade III; (2) the normal working week of the Council's servants be arranged to be 47 hours in lieu of the 48 1/2 hours previously worked; (3) standard rates of wages be adopted for the Council's servants based on the minimum scales recommended from time to time by the Joint Industrial Council for a Grade III authority subject to a minimum of £2 10s. per week per male adult servant and existing servants not being prejudiced by the operation of the minimum scales; (4) the conditions of service as laid down by the Joint Industrial Council and set out in that Council's booklet (with the exception of that relating to sick pay) be adopted; (5) the existing sick pay regulation approved by the Council on 21st December, 1928, be continued; (6) the Waterworks employees be recommended to adopt in the case of all new servants the wages and conditions of service as laid down by the Joint Industrial Council for waterworks undertakings; (7) the employing Committees of the Council be requested to consider and submit to this Committee their suggestions for applying these recommendations to the servants working under their respective contracts."

Mr. T. W. MARSHALL, moving the adoption of the report, said that for some time members of the Council had been dissatisfied with the conditions for the working employees of the Council. A special Sub-Committee was set up to deal with the matter and the recommendation was the outcome of their action with the Establishment and Town Improvements Committee. It had never been satisfied with the view of the increasingly high rents, plus the rather high rates, and the increased cost of living, that a minimum of £2 10s. should be adopted. The sick pay regulation laid down by the Joint Industrial Council was not being adopted, as these already applied by the Council were more favourable to employees.

Mr. A. J. MOORE seconded, and said that as members of the Sub-Committee dealing with workmen's conditions and wages, he was pleased that such a recommendation had been made. Something required to be done some time back. He had never been satisfied with the conditions under which the Council's employees worked.

"I feel as a member of this Committee it is my duty to express my appreciation of the splendid work carried out by the Vice-Chairman Mr. MARSHALL," he said. "It has been a difficult task and only those sitting on that Committee know how difficult it has been to bring it in to the requirements of the Joint Industrial Council. They have achieved something which should have been done some years ago."

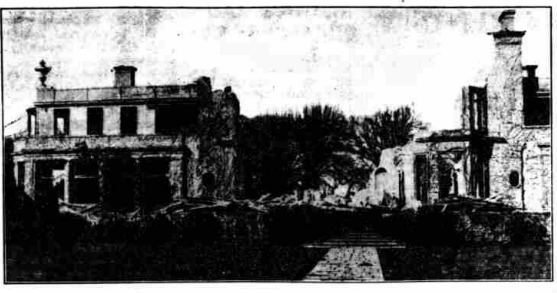

Mr. A. T. BLACKWELL said he would like to add his little quota and congratulate the Committee on their wonderful work and the success attained. The report was approved.

Town & Country GOSSIP - by Belinda

Lawn Tennis

The days go round and round, and we suddenly find that we are in April, and that's most of the way to summer, hurrah! First signs come with the arrival of the Bognor Lawn Tennis Club fixture card. It is unusual to find this season opening before May, but this year, presumably owing to the excellent condition of the courts, opening day and Visitors' Day is scheduled for Saturday, April 30th. May good weather attend it. The first of matches looks interesting and exciting, and I am glad to see a fair number of mixed and men's fixtures. I do hope that the number of men members is on the increase, so that the Club can get back to its old high standard. The West Sussex championships played at the Tournament Week take place this year from August 15th to 20th.

Saturday Dances

The Saturday night dances organised by Mr. DICK KNOWLES, and held at the Picturehouse Hall to the music of the Canadians Dance Band, are growing increasingly popular. A steady figure of about 80 dancers, getting more each week, is really excellent, and the band will not stand for any more with comfort. In addition, each week some special attraction is being arranged, a crooner, accordion duets, etc., are also popular.

By the way, I hear that Miss HELEN DRAKE, who won the local talent competition recently organised, has obtained several engagements as a result of the publicity. She certainly deserves it, for her voice is most unusual. I understand that her ambition is to become a singer, and she looks like being on the right road to realising it.

Another Bognor singer to obtain an audition at the B.B.C. is Mr. ERIC SEARROCK. Mr. SEARROCK's talents are well known in the town, and we all wish him luck. The date of the audition is set for Thursday, the 31st, so I will let you know later how he got on.

Everyone who heard the Canadians Dance Band at the Odéon was agreeably struck by their great possibilities, and I am glad to hear that they have been booked for the Pavilion over Easter. That should set them right where they want to be.

Falcham Players at Middleton

There was a tremendous rush for seats when the Falcham Players put on a show at the Middleton Sports Club on Saturday night—so much so, in fact, that there were very few seats available for guests. The show was free, and produced by Mr. LYDDON SURRAGE.

The programme opened with a short sketch, "French as she is Spoke," with PEGGY WILSHIRE, OLGA ZULVER, LEONARD ASHDOWN and GRAEME LACY in the cast. Next came "For England" with CLEMENT WILMOTT, FRANK GODDARD, GRAEME LACY and VALERIE CUNNINGHAM. A duet by OLWEN GUY and CHARLES BATTY, two songs by Mr. CLIFFORD SKINNER, and a dance, "A Hunting we will go," with the pupils of LITTLE G. ROBERTS, completed the first half of the programme.

Opening the second half was DONALD PLETCHOFF with an accordion solo and chorus songs, a duet by OLWEN GUY and LEONARD ASHDOWN, and a dance. The remainder of the programme was filled by a most amusing burlesque, "DICK WHITTINGTON at Stratford," which showed the cast at their dress rehearsal. Here we had OLWEN GUY as the Fairy Queen, in a most delightful costume; OLGA ZULVER, as handsome DICK WHITTINGTON; MARJORIE WILKINS as pretty ALICE; LILIAN KING, as the cook, CLEMENT WILMOTT as a rollicking Captain GRAEME LACY, most efficient as the cat, and the Demon King, VALERIE CUNNINGHAM, as FITZ-WARRAN, and PEGGY WILSHIRE as a fairy; and LYDDON SURRAGE as the

producer.

During the show, Miss ROBERTS and partner danced a cheerful hornpipe. From all accounts, this show brought the house down, and showed the Falcham Players in quite a new light, which did them great credit. The standard of performance of the Society is going up and up, and the vast demand for seats shows that their fame is spreading.

Generally

One lucky person is Miss MARY TYLER, who leaves this week for about two months' visit in Malta. Miss TYLER is going to friends on that island, and is going overland to Marseilles, where she is picking up the "Strathnaver."

The finals of the Middleton Sports Club squash ladder tournament were played on Sunday, when KEN GOOD-ACRE, the holder, defeated NORMAN IRELAND after an exciting game.

There was a good crowd at Southdown on Saturday night, a number of Old Cranleigh golfers being guests there. The team had met Goodwood on Saturday afternoon, the home team winning, and played Bognor on Sunday. Quite a number of people came on from the Falcham Players show, and informal dancing went on till about midnight.

There are quite a number of other things I might write, but dare not. The information can only be distributed privately!

The Hair Style Ball

The organisers of the Hair Style Ball at the Pavilion on April 6th have been fortunate in securing the services of Mrs. C. FURMAN, Superintendent of the London Provincial Hairdressers' College, to act as a judge in connection with the free competition for the best dressed heads.

Mrs. C. FURMAN is not connected in any way with any of the popular "perm" systems, so her decision on this occasion will meet with the approval of the hairdressing trade and with the competitors themselves. It is the aim of the organisers to ensure the most exacting fairness to everyone concerned.

Apart from the competition and the interest this will arouse, you will again have the pleasure of dancing to STAN BURGESS and His Versatile Band, who, by the way will be again playing at Bradfield Hotel this season, for the third year.

A County Affair

The Drama Club's forthcoming production of "THE BARRETS OF WIMPOLE STREET," promises to be quite a county affair. Bookings are coming in from a wide area. Most of the neighbouring Societies, either collectively or individually, are supporting the Club's first effort, likewise the Women's Institutes. Of schools, Courtfield send a contingent of 30, Bishop Otter College 24, Redgate School 17, Chichester High School for Girls send individual parties, and the staffs of St. Michael's, Holyrood and Courtfield will be well represented.

By the way, have you seen the Club's commemorative programme booklet? It is quite a West End affair—the work of Club Secretary F. D. ALLISON. The cover has a striking design, showing a replica of a Wimpole Street doorway, by member MARTIN JORDAN, and lettering by member L. MCCOMBS. In addition to the striking photographs of the cast by member R. N. HALL, it gives you details of the Club's origin and history, of the players, of the period before and after the playing of the constitution and aims of the Club itself. The printing is of the work of Club member B. M. ACFORD. This programme booklet is by way of commemoration for those specially interested. It is not intended to replace the ordinary theatre programme which will be on sale at the performance, as usual.

BOGNOR 'BUS STOP

COUNCIL DISCUSSION

The danger of the bus stop on the north side of Station Road remaining in its present position, was emphasised by Mr. L. E. WALWIN at the monthly meeting of the Bognor Council on Tuesday.

The Highway Committee reported that the Surveyor, in company with the local Inspector of Police and the manager of the Southdown Motor Services Ltd., had viewed the position of the bus stop on the north side of Station Road, near its junction with Longford Road, and reported that owing to the limited space available in which to site the bus stop, it was impracticable to move it from its present position. They recommended that no further action be taken.

Mr. WALWIN, moving an amendment, said he could not see why the position of the bus stop could not be moved. Danger was present every day and accidents were very often avoided.

There was a Belinda crossing near the site, and there was the danger of people walking into the road from the rear of the buses into oncoming traffic. Had the time arrived when they should give consideration to a bus centre for Station Road itself? Personally he thought that in this instance every endeavour had not been made to consider alternative sites.

Mr. R. HEYGATE seconded. The Deputy Clerk explained that it was upon the recommendation of the police no further action be taken. The amendment was lost.

The Buffaloes

We were surprised on visiting the Masonic Hall, on Friday evening last, to note the festivities going on at the R.A.O.B. concert and dance. I say we, because my escort took pains to explain to me what this "Buffaloism" means to so many men who are not members of the other orders. That everybody seemed to be having a very happy time goes without saying, but whoever organised the function should have kept in mind the capacity of the hall. Perhaps they may be forgiven as I understand that the event was more in the nature of a feeler towards future events of a similar social nature. There are lots of "Buffaloes" wives who wonder what their husbands do when they go to a lodge. Well, Friday evening saw a little of what they indulge in behind closed doors.

The artists included the CORNFORD BROS., DOUG, and EDDIE LATNER, MOLYNEUX COOKE (in monologues), H. N. SWIFT, and Messrs. T. BLANN and R. DRAY (piano accompanists). Speciality dances and songs were given by Misses DAPHNE WILMER, DOREEN CAIGER and JOY MAIR, Mr. TUD COLEMAN (comedian) was a distinct attraction with a convincing style all his own. The Argyle Singers, presented by Mr. CLIFFORD SKINNER and under the direction of Mr. W. CARNS, rendered pleasing items from their repertoire, which were extremely well received.

LOCAL SERVICE

The high standard of the work carried out by the BOGNOR STEAM LAUNDRY is in no small measure due to the strict attention paid to every article sent to us. The original freshness is restored not by harsh, rapid scouring, but by careful treatment throughout the several stages necessary to obtain first class results. It is interesting to note that over 35,000 gallons of water are used daily; this is drawn from our own well and specially softened to suit the work in hand. It is features like this that make it well worth your while to entrust your laundry to us.

Hats Forward

THE sun of the past weeks has quite gone to my head. Far at least twenty minutes I have been sitting here gazing at the blank paper worrying about something, and for the life of me I cannot remember what it is! A pretty state of affairs. Shops report record business in the new spring clothes line, hats get funnier than ever, but expect we shall all wear them, sheep that we are! Some of them are so flat that there seems to be no indentation at all for the top of the head. Have not yet discovered just how they stay on—good balance or elastic.

Hats tied on with ribbons under the chin are popular, and I noticed Miss ARLETTE EASTON wearing one of the pillbox variety tied on in this manner. One of the earliest wearers of a straw hat was Mrs. TOWN PHILLIPS, who chose a most attractive Breton sailor in navy blue.

Bridge

Congratulations to the Maymo team—Mr. L. S. BONALL, Miss PANZER, Mrs. BOSTOCK and Mrs. STRIDE—who beat another Maymo team in the final of the Devonshire Cup, open to teams from all over Sussex. This match was played at the Club one morning last week. The team now qualifies to represent Sussex against London and other Home Counties in London on April 8th and 9th, at the "Daily Telegraph" contest, to play for the Telegraph Cup.

I should also like to congratulate Mr. BONALL on his success at the Bridge Congress at the Tolland Royal Hotel at Bournemouth. Playing North with South with Mr. LEONARD of Clifton, as his partner, he won the second open pairs competition.

Squash Dance at Southdean

A squash dance does not mean a crowded one—Saturday was a particularly pleasant night as regards room for dancing. After a strenuous week of tournament, West Sussex championships and handicap events, everyone relaxed and enjoyed themselves. There were quite a number of strangers present. I was pleased to see Mr. and Mrs. BERTIE POWE back from Switzerland, looking extremely well and brown.

STAN BURGESS and his boys made us work hard, in fact, their tempo for quick steps was almost a gallop! But we enjoyed it. With the fascination of the palais glide I have not yet discovered, but it grows in popularity locally.

Others recently returned from the scenes were Mr. and Mrs. CLIFFORD BROWN, she looking lovely in a powder.

Film Society

This week, from Wednesday to Saturday inclusive, sees the presentation of the Film Society's fourth annual show at the Roof Garden Theatre. From all reports this promises to be a pretty good show, this year as the programme of films is sufficiently long. I should advise you to book early. Last year, I remember, there was a huge crowd.

The Hospital Meeting

Hear there's going to be a little excitement at the annual meeting of the Bognor War Memorial Hospital on Friday. There are actually ten nominations for seven vacancies on the Committee. Very glad to see this. It's always a good sign if there is competition to serve on a Committee. The retiring members who have been re-nominated are Miss BURGESS, A.R.R.C., Dr. T. H. MACHE, Mr. T. W. MARSHALL, Mrs. G. H. BOYD PETERS, Mr. L. T. PUGHAN EVANS and Mrs. SCOTT RAJLIS, the new nominees being Mr. C. J. TATE, Mr. F. G. TROWBRIDGE, Mr. L. E. WALWYN and Mr. D. DAVIS, who is put forward by the Round Table.

Germolene
HEALS BAD LEGS

Once again the magic healing power of GERMOLENE ointment where all else failed! I had the misfortune to burn myself with a hot iron. I thought it would soon be all right again but it was not. I tried every medicine I could get my hands on but nothing gave me relief until I used GERMOLENE. I used it with good results. The wound is quite healed and I am free from all pain. I can now go about my work as usual. I have a tin of GERMOLENE in my medicine chest. I have used it in several other cases and it has always given me relief in record time. I would recommend it to all who suffer from any of the following ailments:

ASCITES, Eczema, Boils, Blackheads, Chills, Bad Legs, Old Sores, Piles, Gremoloids, 1/3 Pains.

6/- 1/3, 3/- & 12/- Per Tin. Tubes 4/6

blue crepe dinner dress, and Mrs. HOLLES in a white and silver lame gown. Miss JEAN NORMAN looked attractive in a billowy tulle gown of a brilliant sea blue-green. Mrs. HYWOOD JONES, who had spent a strenuous week playing in the tournament, wore black velvet. The new guest rule recently made has an excellent effect, and has reduced the numbers from enormous crowds when it is quite impossible to dance, to a pleasant crush!

Flamshan Cricket Club Dance

At the Elmer Hotel on the same evening, the Flamshan Cricket Club held a most successful dance, with the Lyricals Dance Band in attendance. Although I was regrettably unable to get there, I have received the most glowing reports of what a jolly evening it missed. Mr. AYLWIN acted as M.C. and Mr. BARRETT and Mr. ENTCOTT were the organisers. If this is not quite an accurate statement, and these gentlemen had other assistants, beg pardon, but that was my informant, and they don't seem to be on the telephone. There was a large crowd of dancers, including from all round the district, including a goodly contingent of Bachelors' Club members. One of these, by the way, forgot his book of rules, and was accordingly fined. The fine in this case is stated as "pushing the book out."

Woolworth's Staff Relax

Parties from as far afield as Winchester, Southampton and Brighton attended the dance at the Pavilion, on Wednesday, organised by F. W. WOOLWORTH'S. I was KIRCHEN and his Band, led by Sherry's, played exceptionally well, their comedy numbers being super. During the evening, Miss RICHARDSON, one of the organisers, presented a bouquet to Mrs. PICOT, wife of the local manager. Mrs. PICOT herself gave away prizes won for sport dances etc. There were between four and five hundred dancers and everyone seems to have enjoyed themselves.

Felpham Playing Fields

"That this Ratepayers' Association would like a definite expression from the Council as to when they intend to develop the playing fields in the Felpham Ward for the use of local residents," was the resolution framed by Commander HUDSON and approved by members following some discussion about the benefit that local residents received in proportion to the amount of rates that they paid.

Commander HUDSON said that considerable money was paid by the ratepayers of Felpham and it had been spent in attracting visitors to the town. Would some of this money show and find its way out of the town and develop the playing fields?

Mr. JAY endorsed Commander HUDSON'S remarks and invited the two local Councilors present to express their views on the matter.

Mr. P. M. M. PENTLAND said that with regard to the King George V. playing field the Council were trying to get a grant.

Mr. JAY commented: "If you are not successful in getting the grant, how many years will we have to wait before it is developed?"

Sudden Death at FELPHAM
RETIREE POSTMAN

MR. MICHAEL TRAYNOR, a 69 years old retired postman, of 4 Market Buildings, Felpham, collapsed and died on Wednesday evening when sitting near the fire at his home.

The deceased had been unwell for some time, and although a post-mortem was ordered, the Coroner decided it was unnecessary to hold an inquest.

FUNERAL OF MRS. A. M. STEPHENSON

Mrs. ANITA MILLENT STEPHENSON, aged 76 years, of Courtlands, Linden Road, Bognor Regis, died on Tuesday of last week.

Mrs. STEPHENSON had resided in the town for only about six years, she made many acquaintances, and was well-known by those people attending the whist drives in the town, with the late Mrs. PUGHAN EVANS.

The funeral took place on Thursday, and prior to the interment in the Bognor cemetery a service was conducted in the cemetery church by the Rev. D. M. WALKER.

The family mourners included Mr. and Mrs. OLIVER WARREN (son-in-law and daughter), Mr. ERGAR FOS (son), Mr. H. H. HAWKINS (daughter) and Mrs. D. FOX (daughter).

There were many beautiful floral tributes received.

WALKING RACE
TEN MILES CHAMPIONSHIP

Yapton was the scene of much activity on Saturday last, when the annual ten miles walking championship was held.

The race was made more gruelling this year as a burning sun pouring out of a cloudless sky taxed the walkers' strength to the utmost. However, only one entrant fell out throughout the whole race, which was again won by the holder, E. UPTON.

The times and finishing numbers were as follow: 1. E. UPTON (81 minutes 27 seconds); 2. J. HENDERSON (84 minutes 47 seconds); 3. W. HOW (85 minutes 28 seconds); 4. R. BROWN (85 minutes 58 seconds); 5. M. BLAKE (86 minutes 42 seconds); 6. F. SHEPPARD (90 minutes 10 seconds); 7. E. NICHOLSON (91 minutes 12 seconds); 8. C. KING (93 minutes 7 seconds); 9. J. JOHNSON (93 minutes 45 seconds); 10. D. MORRIS (93 minutes 45 seconds); 11. A. GREGG (94 minutes 22 seconds); 12. R. HUGHES (95 minutes 16 seconds); 13. F. MARDEN (98 minutes 49 seconds); 14. H. SLAUGHTER (99 minutes 5 seconds); 15. R. MORRIS (102 minutes 16 seconds); 16. H. PEAK (104 minutes 5 seconds); 17. A. NORGATE (104 minutes 55 seconds); and 18. L. BARROW (108 minutes).

The officials were: Referee and starter, Mr. A. WOLFE BARRY; judges, Messrs. W. RICE and V. F. BRATLEY; timekeepers, Mr. W. TRAVERS and H. C. HOLDEN; and pointsmen, Messrs. W. BAILEY, A. HOLDEN, H. PALMER, T. BACON, F. OSBORNE and A. E. PAGE.

TOWN PLANNING PUZZLE

(Continued from page 1)

When Mr. JAY again drew Capt. THOMAS'S attention to the letter from the Council stating that the local Council were the final authority, Capt. THOMAS said that that was all right, but the Plans Committee were so bound by restrictions that their decisions with regard to interim development orders were practically ineffective if they did not conform to the views of the town planning officer.

Very Acute Problem

Capt. THOMAS said that their County Council member, Mr. P. A. NORMAN, would be able to reply to that question more adequately than he could. The Bognor Council had put forward certain proposals, but they were still under consideration. It was a real problem, but although the local Council wanted to solve it as much as possible, they had to have the co-operation of the County Council. The problem was very acute, he once again stressed, and added that he was also under the impression of the police.

Mr. NORMAN, replying, said that he did not know anything apart from the matter being in experimental stages. Commander HUDSON raised the subject of raid precautions, and asked that the Ratepayers' Association were a body of people keenly interested in municipal government and its affairs, if they could co-operate in any way.

Commander HUDSON asked for some "light" on the by-pass and the diversion. Was it going to leave the Main Road at the Felpham Schools, and when was it coming out? Instead of coming out at the Felpham road he thought it was to converge elsewhere.

Mr. NORMAN said that the general course was not to be altered. It was just a slight deviation and had already been carried out. The general scheme and the entrance at Felpham Schools would be just the same.

When the officers were elected for the ensuing year, Mr. JAY said that he was retiring from the office as Chairman. The Committee recommended that Mr. H. B. WENMAN, who last year acted as Vice-Chairman, should be elected. He had had a wide experience on both sides of the world, had the Association at heart, and was quite independent, with no axe to grind.

The recommendation was carried and other officers were elected as follows: Vice-Chairman, Mr. R. H. TETTON; Hon. Treasurer, Mr. R. H. TETTON (pro. tem.); Hon. Secretary, Mr. W. H. RUSSELL; and Assistant Hon. Secretary, Mr. W. G. JAMES.

Members elected to the Committee to act with those who did not come up for re-election included Messrs. W. J. STUBBS, E. STEPHENS, R. E. W. SUTTON, R. E. USHER, G. F. WALKER and A. SLEE. The Hon. Collector is Mr. J. DONALD, and Hon. Auditors Messrs. NEWHAM and HOLDING.

A STILL from "Death Let Loose," the Bognor Regis Film Society's thriller, which opens at the Roof Garden Theatre on Wednesday.

£26,670 has been spent in the district of our rates. I may remind you, at the public health services cost only 2s. 11d. in the £, and you will find that that is not a very great amount, and you may be interested to know it costs 1s. 1d. rate for housing, which I think everyone will agree is important. I do say a resolution of this kind will only draw forth one reply, and that you may be tired of getting it. If you say spend £5,000 on playing fields, then the Council will have to tell you why it cannot be done, and if you want it done, how it could be done.

WALKING RACE

Yapton was the scene of much activity on Saturday last, when the annual ten miles walking championship was held.

The race was made more gruelling this year as a burning sun pouring out of a cloudless sky taxed the walkers' strength to the utmost. However, only one entrant fell out throughout the whole race, which was again won by the holder, E. UPTON.

The times and finishing numbers were as follow: 1. E. UPTON (81 minutes 27 seconds); 2. J. HENDERSON (84 minutes 47 seconds); 3. W. HOW (85 minutes 28 seconds); 4. R. BROWN (85 minutes 58 seconds); 5. M. BLAKE (86 minutes 42 seconds); 6. F. SHEPPARD (90 minutes 10 seconds); 7. E. NICHOLSON (91 minutes 12 seconds); 8. C. KING (93 minutes 7 seconds); 9. J. JOHNSON (93 minutes 45 seconds); 10. D. MORRIS (93 minutes 45 seconds); 11. A. GREGG (94 minutes 22 seconds); 12. R. HUGHES (95 minutes 16 seconds); 13. F. MARDEN (98 minutes 49 seconds); 14. H. SLAUGHTER (99 minutes 5 seconds); 15. R. MORRIS (102 minutes 16 seconds); 16. H. PEAK (104 minutes 5 seconds); 17. A. NORGATE (104 minutes 55 seconds); and 18. L. BARROW (108 minutes).

The officials were: Referee and starter, Mr. A. WOLFE BARRY; judges, Messrs. W. RICE and V. F. BRATLEY; timekeepers, Mr. W. TRAVERS and H. C. HOLDEN; and pointsmen, Messrs. W. BAILEY, A. HOLDEN, H. PALMER, T. BACON, F. OSBORNE and A. E. PAGE.

THE COMING ELECTION

SOME OF THE CANDIDATES

Local organisations this week will be busy in deciding to support candidates for the forthcoming Council election. Nominations day, which is March 21st, will close 5 p.m.

The five retiring candidates, Messrs. T. W. MARSHALL and E. T. BRYANT (Central Ward), Mr. R. WALLACE and Capt. CORNHILLY (East Ward) and re-election. There will be contests for certain in the Central and North Wards unless some of the nominated candidates withdraw.

Mr. A. R. PURCY, of Selby Lodge, Aldwick Lodge, Bognor Regis, is to be a candidate for the Central Ward, and Mr. G. CULVERWELL for the North Ward.

The Chamber of Commerce held a meeting on Tuesday evening and at the time of going to press it is understood that they will support Messrs. MARSHALL and BRYANT for the Central Ward. Mr. BRYANT will also receive the support of the Hotel and Apartment Association. The Bognor Regis Council House Tenants' Association will support Mr. CULVERWELL. The Bognor Regis Ratepayers' Association will hold a meeting this week in connection with the forthcoming election.

THOROUGHNESS
is the keynote of this unique LOCAL SERVICE

The high standard of the work carried out by the BOGNOR STEAM LAUNDRY is in no small measure due to the strict attention paid to every article sent to us. The original freshness is restored not by harsh, rapid scouring, but by careful treatment throughout the several stages necessary to obtain first class results. It is interesting to note that over 35,000 gallons of water are used daily; this is drawn from our own well and specially softened to suit the work in hand. It is features like this that make it well worth your while to entrust your laundry to us.

DEATH OF MR. P. BARNARD

Many people will regret to hear of the death of Mr. P. BARNARD, of 22, Scott Street, who died on Sunday last, aged 38. Mr. BARNARD was born at Littleton Farm, Sussex, and had resided in Bognor practically all his life. He was a familiar figure on the sea front for many years and was well-known as a fisherman.

Mr. BARNARD was also engaged in the building trade and worked on the construction of the new Bognor station and the Town Hall. During the War he served on a minesweeper and was discharged through disability which, during the last seven years of his life, prevented him from taking part in any occupation at all.

Mr. BARNARD is survived by a widow and four daughters.

The funeral will be at St. John's Church on Thursday, at 2.30.
